Re: Visit by Philippines Textile Research Institute, Department of Science and Technology, 1-2 September 2016

A, Names of participants:

1. Ms. Celia B. Elumba, Director, Philippine Textile Research Institute
2. Mr. Henry Listano, Science Research Specialist (SRS) II, Technical Services Division; Philippine Textile Research Institute
3. Ms. Marnie B. Dones, Planning Officer III, Philippine Textile Research Institute
4. Ms. Mary Joanne Lesaca, Science Research Specialist (SRS) II from Research and Development Division; Philippine Textile Research Institute
5. Ms. Rachel Montero, Philippine Textile Research Institute
6. Mr. Rowen Gelonga, Director/Region VI, Department of Science and Technology Regional Offices

B. Accommodation:

* Please book 4 rooms (3 single and 1 triple) as follows

1. Celia Elumba - Single
2. Rowen Gelonga - Single
3. Henry Listano - Single
4. Marnie Dones, Joanne Lesaca and Rachel Montero - Triple

C. Travel schedule: (please see attachment "Tentative itinerary of travel to Thailand and Cambodia)

Arrive Chiang Rai 09:15hrs (TG flight from Suvarnabhumi), 1 September 2016

Depart Chiang Rai 10:00hrs (TG flight to Suvarnabhumi), 2 September 2016

* MFLF to provide transport for the group during their stay as approved by Khunying Puangroi.

D. Programme of study visit (please see attachment "Philippines Textiles Research Institute)
The main interest of the group is

1. Sustainable community models working to convert their fiber source of silk, cotton, ramie, linen or hemp into yarn and eventual weaving, as well as the use of natural dyes.
2. Slow fashion concept which seeks to cluster or centralize the production of wearing apparel, using materials available within the region, converting or locating key parts of the supply and value chain within, using local resources and home-grown talent, promoting local economy and low carbon footprint in the process.

* Please identify MFLF facilitator who will guide the group during their visit, and also provide suggested outline of trip in Chiang Rai so I can share with the group.

* Would it be suitable to have the group join Dr. Sandro's group for dinner on 1 September so they can exchange ideas and expand networking?

Thank you for your kind assistance kha.

NI ja

888 said that they should keep the groups separate ja.

I will be in DT at that time and can help to a certain extent. I will request Duke to assign some English speaking staff to be with them the whole trip from/to airport ja

Kot

Book the rooms and a car and coordinate with มมม for the program in Chiangrai.

Thanks
