Field ja,

Sending you K Eddy (Temasek) 's email: edphawin@temasek.com.sg

And you can see the initial email exchanges below. As mentioned to you, I spoke to K Eddy over the phone and basically he would like to bring a group of 3-4 people (management level) from Temasek to learn about our sustainable development approach. He says Temasek is focused on doing business sustainably and also involved in philanthropic activities throughout the region so they really want to understand how we do sustainable development. He's also interested in visiting Nan as Temasek are concerned about deforestation, haze pollution etc. Would be good to propose one of our programmes for corporate people.

I told him that our KLC will get in touch with him on 1) draft programme for DT+Nan and 2) suggested visit period (sometime in the next few months when we can spare some people). The visit would have to be conducted in English.

Thank you very much ja.
