Dear Mr Diskul,

We met at the restaurant Sushi Masato, Bangkok in march this year.

Im not sure if you remember us,
I am a chef that runs a Thai restaurant in Oslo. I am also planning to make my second cookbook about Thai food for the Norwegian peopl.

You were talking about your project in Chiang Rai, and you told me that it would be interesting for me to visit your project and we could learn a lot.

I am very interested in visiting, and we are going to be in Chiang Mai/ Chiang Rai beginning of april next year.

Hope to hear for you again

Med vennlig hilsen • Best regards

Hello Terje,

It's so nice to hear from you again. Of course I remember you. I will be more than happy to welcome you to our project. Once you are settled with you plan, please contact me again and I will organise your visit. You should plan to come over for 1-2 nights in order to see all the activities. We are a rural development project with 5 businesses, coffee, food, handicraft, tourism and agriculture. I'm not sure if you have anything specific to see but we could also try to arrange it for you.

Regards,
Duke
