920/4 Moo 7, Mae Fa Luang subdistrict, Mae Fa Luang district, Chiang Rai. 57110

REQUEST TO CONDUCT A STUDY TOUR

Dear Mrs. Rameada Ninnad:

Vietnam Macadamia Association (VMA) is a social – professional organization established on February 2016, aims to support members, and contributes to the development of macadamia in Vietnam. Some of our key activities include but not limited to: (i) transferring technology to members regarding cultivation, care, harvesting and processing; (ii) informing members about the domestic and international macadamia production and business; and (iii) connecting members with domestic and foreign investors/partners.

From the introduction of Ms. Chatnapa from Chiang Mai Royal Agricultural Research Center, VMA knows that Doi Tung Development Project (DTDP) is a successful project of Princess Srinagarindra, especially in macadamia. DTDP started harvesting and opening a macadamia processing facility since 1995 and has produced a variety of products ranging from flavored macadamia nuts, cookies, herb, to spread.

On August 5th, a group of VMA members and guests consisting of 25 members (not including Thai translators) are very interested in visiting DTDP's macadamia farm and factory to learn about your cultivation techniques and processing procedures. Therefore, may we request to conduct a study tour with you at 9 am on August 5th, 2017?

We highly appreciate your time and consideration of this request and look forward to hear from you at your earliest convenience.

Sincerely,

On behalf of Vietnam Macadamia Association

General Secretary
